Product Catalogue

Introduction

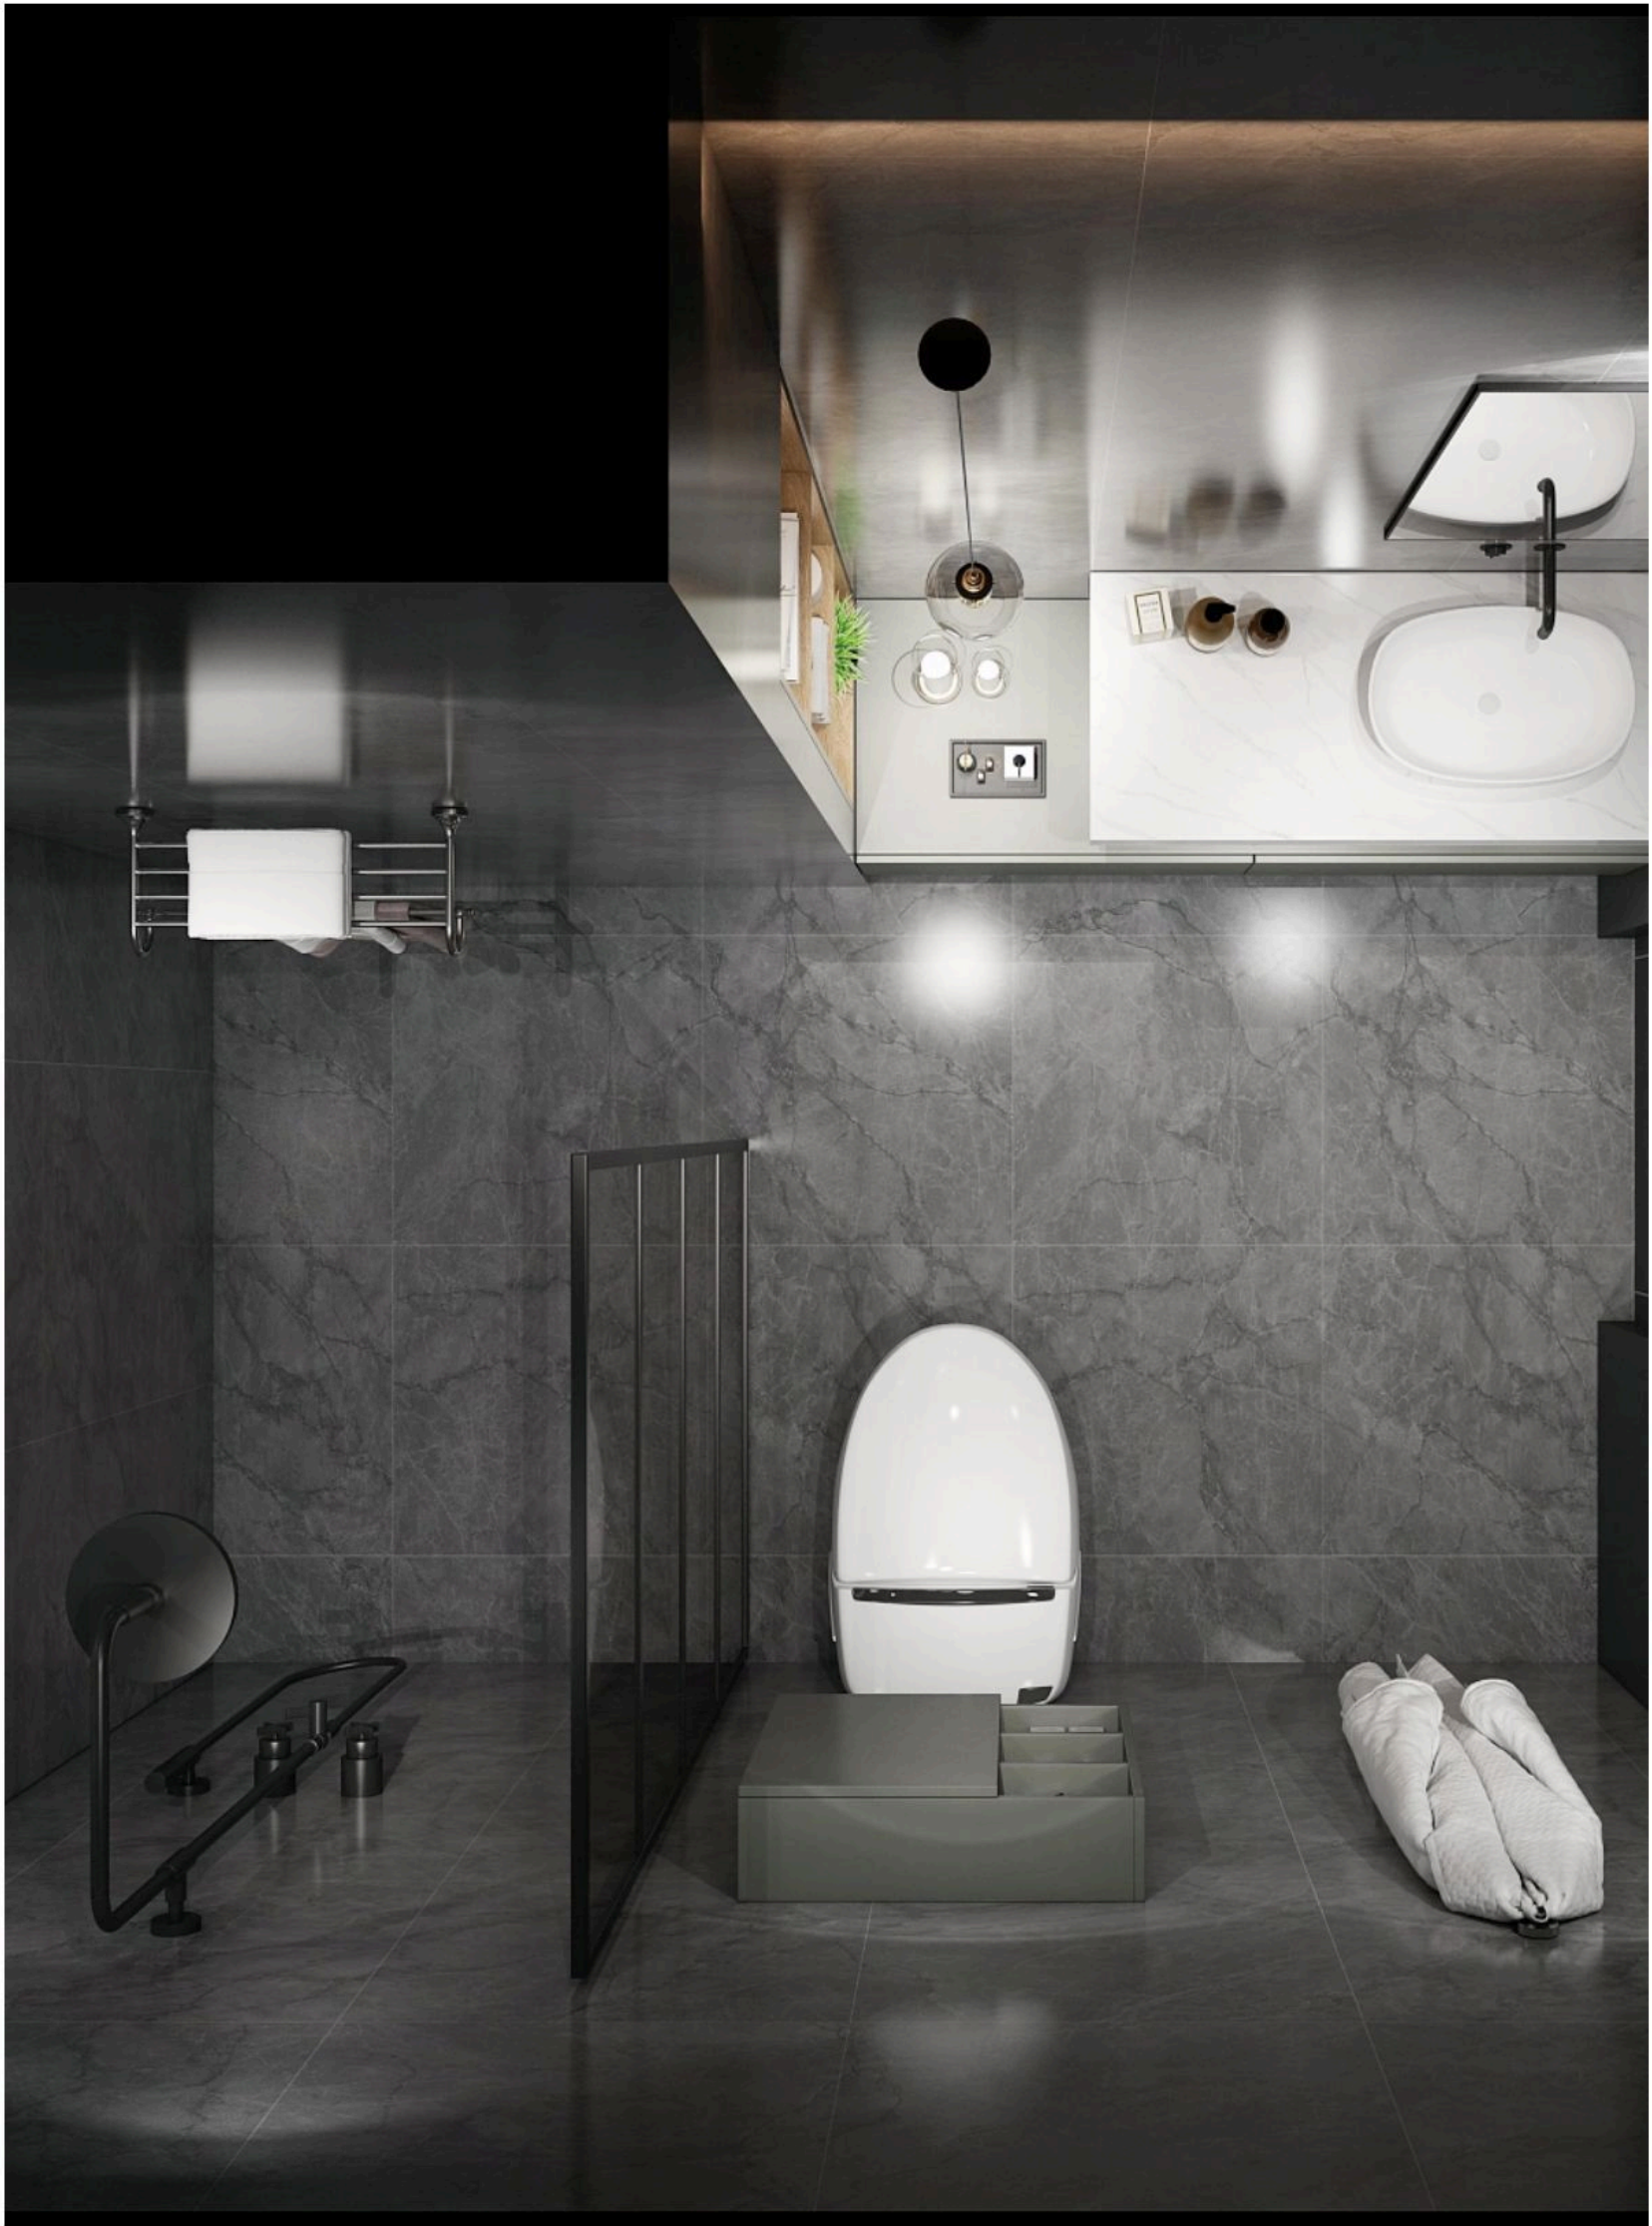

Wenzhou Anfen International Trading Co., Ltd. was established in 2018 and has been dedicated to researching and developing bathroom products since then. In 2023, it was jointly invested by multiple source production enterprises in the Chinese bathroom products base to expand its international sales business. The enterprise has the outstanding qualities of a medium-sized enterprise in China, with a complete set of production processes such as casting, machine processing, polishing, electroplating, assembly, and after-sales.

We have accumulated rich professional production experience and introduced and trained various professional and technical talents. To ensure the quality and precision of our products, we have equipped ourselves with advanced equipment such as Taiwan and Korean professional machine processing equipment, Italian gravity casting machines, and Japan's lead-free process systems to ensure that our products meet NSF standards. In addition, we have also introduced advanced PVD technology.

Our bathroom products currently have more than 80 product series and more than 1000 product types, suitable for different fields and different national customer needs. Our products are very popular with customers and are exported to more than 50 countries and regions such as the United States, Europe, Australia, the United Kingdom, Japan, the Middle East, Southeast Asia, and Hong Kong.

Hanke Is A Well-Known Manufacturer Of
High-quality Kitchen And Bathroom Hardware,
Focusing On Improving Home Quality And Comfort.

Zero distance from HANKE

INSPIRATION

Your curiosity drives us forward. because new cognition means new motivation and is also an important driving force for the future.
