

QXF Inflating tool

Brief Introduction

FPU multi-functional pumping unit specially used to charge accumulators with nitrogen or to add with nitrogen or to check or to change the existing pre-charge pressure in accumulators a broad and domestic, it can match the different type accumulator by changing the adaptor.

Product selection

FPU	-	31.5	-	7/8UNF
Name FPU multi-functional pumping unit		Nominal Pressure 10 : 10MPa 20 : 20MPa 31.5 : 31.5MPa		Connection thread to accumulator (see table)

Connecting threads with the accumulator

Model Code	Nominal Pressure (MPa)	Gauge		Length of charging hose	Connection thread to accumulator
		Gauge indication range	Accuracy level		
FPU-16	16	0-16	2.5	2000	M28×1.5
					M14×1.5
FPU-25	25	0-25			5/16UNF
					5/8UNF
FPU-40	40	0-40			7/8UNF

Ordering Note

1. The model and code should be indicated completely when ordering. For example: nominal pressure: 31.5MPa, the connection thread to accumulator: 7/8-14UNF, then the model code is stated as follows: FPU-31.5-7/8UNF
2. If the special one is on request, please contact with our company.
